

BE 2101 4~20mA Output Resistance Thermometer

Protection tube

Construction	Closed - end tube
Material	SS 304
Insertion length "L" in mm	Customer to specify
Outside dia "D" in mm	Customer to specify

Connection head

model	BN
Material	Cast aluminum
Protection class	Typical IP67
Cable entry	PG13

Sensor

Type	Single Pt100
Accuracy	According IEC 751Class B
Electric Connection	3Wire System
Range	-70~ +500

Transmitter

Model	Standard model
Output	2 wire 4-20 mA Current loop
Power supply	10~30 Volt DC

Option

Connection head	DN,DP, BP
Sensor class	A, 1/3B
Protection tube material	SS. 316
Electric Connection	4 Wire system
